# LETTER FROM OUR OWNER

Hello,

I'm Mark, the proud owner of True North HDD, your go-to for all things HDD, including Directional Drills, Support Equipment, Directional Drill Rod, & HDD Tooling.

Exciting news! True North HDD is not just growing in reputation but also geographically. We're thrilled to share that we've expanded our presence into Nebraska and North Dakota.

At True North HDD, we're not just about business – we're about helping you score the best deal on your equipment. Whether you're interested in consigning, financing, or purchasing, we've got options that can be tailored to your Directional Drilling and Equipment needs! Give us a call today or stay in the loop by checking out our website:

[www.TrueNorthHDD.com](http://www.TrueNorthHDD.com)

We look forward to connecting with you!

*Mark Flaman*

# HDD EQUIPMENT

**In the market  
for a Directional  
Drill, Drill Rod,  
Drill Parts, or  
Tooling?**

**We Have You Covered!**

Looking for a specific model we  
don't have listed?

At True North HDD, our global reach  
ensures that we can almost always  
find you the equipment you're  
searching for. Reach out to us today,  
and let's tap into our extensive  
network, reaching out to satisfied  
clients worldwide to try to locate the  
perfect drill for your needs!

## Directional Drills

Not only do we stand out for top-notch quality, but our unbeatable variety is what truly sets us apart! Discover new drill listings every week, making it a breeze to find exactly what you're searching for!

## Drill Rods

True North HDD is a proud dealer of TuffRod Directional Drill Rods for all makes & models. TuffRod Drill Rods come in two options, One-Piece Internal / External (IEU) Forged, or Inertia Welded.

## Parts & Tooling

We offer a cutting-edge selection of HDD parts and tooling, including reamers, rock tooling, swivels, and more. From tri-cone bits to quick connect systems, our high-quality parts & tooling ensure precision and reliability for your directional drilling needs.

# SOURCING

## We always maintain a selection of Directional Drills & other Heavy Equipment

Locating horizontal directional drills and support equipment is one of True North HDD's Specialties!

We continually find:

- Directional Drills
- Mud Mixing Systems
- Locating Electronics
- Hydrovacs
- Equipment Trailers
- and More!

A quick look at the **Featured** section on our website, [www.TrueNorthHDD.com](http://www.TrueNorthHDD.com), will give you a glimpse at our newest arrivals.

Make sure to check back daily, we are always listing new HDD equipment!

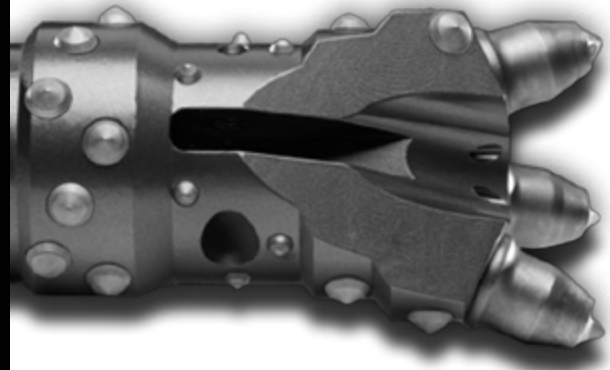

## Parts & Tooling

True North HDD supplies  
Horizontal Directional Drilling  
Parts and Tooling for every aspect  
of the job.

- Reamers
- Rock Tooling
- Swivels
- Tri-Cone Bits
- Quick Connect Systems
- Hot Shot Pull Back Adapters
- Drive Chucks & Savers
- Over The Bit Reamers
- Electronics
- Bits & Blades
- Adapters & Subs
- Other Drill Parts

**NEED SOMETHING  
SPECIFIC?**

Contact us today at  
[www.TrueNorthHDD.com](http://www.TrueNorthHDD.com) or by  
phone at 1-844-787-8343 to place  
your order!

# ONE-PIECE FORGED DRILL ROD

Available for all makes  
& models of horizontal  
directional drills.

### **Drill Pipe compatible with Ditch Witch® Spec Sheet**

### **HDD Drill Rod for Directional Drilling - All Other Mfg Spec Sheet**

Tube Technologies Machine

- Grundodrill 4X/5X

Toro Machines

- DD2226, DD2024
- DD4045, DD4050

## TuffRod's

### **ONE-PIECE INTERNAL / EXTERNAL (IEU) FORGED DRILL PIPE**

An IEU integral forged or One-Piece forged drill pipe is made up solely from one piece of material. This pipe has the same chemical makeup for the threaded connections and the mid-body tube, with no weld zone between them.

#### **Features & Benefits:**

- Enhanced strength and durability with a weld-free design
- Precise finished length tolerances via saw cutting
- Tight control over dimensions through upsetting
- Consistent material hardness from heat treatment
- Superior threaded connections through precision machining
- Assured quality through final inspection

## TuffRod's

### *INERTIA WELDED DRILL PIPE*

Inertia welded drill pipe is similar to the integral drill pipe in that the green tube is saw cut to length; upsets are forged on each end to form a thicker wall dimension, which creates a larger weld surface. With more cross-sectional area, there is more strength to that weld area.

#### **Features & Benefits:**

- Enhanced strength and durability with a thicker wall and larger weld surface
  - Consistent welding through solid-state technique
- High-quality welds without recast metal
  - 100% weld penetration for maximum strength
- Precise dimensions with hydraulic clamps and collet chuck
  - Assured quality through final machining, heat treatment, and inspection.

# HDD LOCATING SYSTEMS

**We are your source  
for New & Used  
Locating Equipment  
for Horizontal  
Directional Drilling**

**We personally inspect  
all electronics system &  
accessories!**

**We carry a wide assortment of:**

- Locators
- Displays
- Transmitters (Beacons/Sondes)
- Lithium Batteries
- Rechargeable Batteries
- Battery Chargers

**We now offer Subsite & Digitrak  
compatible transmitters backed by  
our 180-day warranty.**

## Subsite Electronics

Most of the infrastructure that we depend on in our daily lives, including high-voltage electric lines, natural gas pipelines, communication networks, and water systems, lies underground. For this reason, Subsite Electronics has developed the most extensive range of Underground Awareness® products available on the market. Their suite of products, including Horizontal Directional Drilling (HDD) guidance equipment, utility locators, utility inspection systems, and equipment machine controls, helps enhance the safety and efficiency of underground construction professionals

## Providing Safer, More Productive Jobsites Worldwide.

Subsite and Digitrak locating electronic packages available!

# EXPERIENCE THE POWER OF **TRUE HDD POWER CELL BATTERIES**

Compatible With Transmitters  
(DigiTrak & Subsite) And Subsite  
Locators!

### **True HDD Powercell Extended Life Lithium Batteries**

These batteries are compatible with both Digitrak & Subsite Electronics. Get your True HDD Powercell Batteries for the most competitive price in the industry!

**\$55 EACH**

A bulk discount may apply

### **Supercell Extended Life Lithium Batteries**

Get your HDD Supercell Extended Life Lithium Batteries from us for the wholesale price of \$160 each! This is the same silver lithium battery that you may be paying up to \$230 for!

**\$160 EACH**

A bulk discount may apply

**YOUR GO-TO SOURCE  
FOR ALL YOUR REEL  
TRAILER NEEDS!**

**We are here to help you with all your reel trailer needs. We offer renting, leasing, and purchasing options for all models of Lane reel trailers.**

### Our Selection Includes:

- LRGE 1007
- LRG 1008 (Manual)
- LRG 1008 (Electric Over Hydraulic)
- LRG 1010 (Manual)
- LRG 1010 (Electric Over Hydraulic)
- LRG 1010R
- LRS 0114
- LRE 0214
- LRE 0314

**We work with Lane Trailers to build custom trailers to fit your needs.**

Contact us today with your specs for a custom quote!

# TRUE NORTH HDD MUD MIXING SYSTEMS

**We offer a complete  
line of mud mixing  
systems & tanks**

## Mud Mixers

**5.0**

- 5HP

**13.0**

- 370g / min 13HP Honda

**24.0**

- 430g / min 24HP Honda

**44D**

- 44HP Diesel Mud Mixer
- 640g / min 44HP Kubota Diesel

## Mixing Tanks

Round & square tanks available

- 1000 gal
- 750 gal
- 500 gal
- 300 gal
- Custom options available

**SAVE BY THE PAIL OR  
BULK DISCOUNTS BY THE  
PALLET**

## **HDD Anti-Seize Grease**

True North HDD has all your grease needs covered!

Extend the life of your rod!

Anti-Seize Lubricants are available in multiple sizes:

- 1 Gallon
- 2 Gallon
- 3.5 Gallon
- 5 Gallon
- 50 Gallon

## **TRUE LUBE NCS 30**

### **/ NCS ARCTIC**

If you're not using True Lube, you should be! Save the threads on your rods and tooling with this Metal-Free lubricant. A non-plating grease with the stickiest compound, that won't be affected by drilling fluids, additives, or water!

## **TRUE LUBE HDD KOPR**

### **-51C TO 190C**

Exclusive year-round, all season grease, True North HDD's KOPR is a low-friction, anti-seize compound. It has copper flakes and is water resistant; this grease also features rust and corrosion inhibitors.

**TUFF  
BILT**

**We are your  
certified dealer of  
tracks, tires, and  
undercarriage  
parts**

For more than a decade, the TuffBilt brand has stood as a premier supplier of top-quality replacement rubber tracks in Canada. Offering robust tracks designed for over 10,000 diverse machines with various tread patterns.

TuffBilt - Setting the standard for performance, quality, and value. They move the Earth!

### Tracks

- Advanced rubber compound
- Identical to OEM tread patterns & specifications
- Hardened forged steel
- Continuous steel cord (CSC) technology
- Available non-marketing patterns

### Flat Proof Tires

- Easy replacement
- Natural rubber compounds
- Wear and abuse resistance
- No tire mounting required
- Proven to last

**TREADED / NON-TREADED /  
DIAMOND TREAD**

### Undercarriage Parts

- Highest-quality, hardened steel
- Sealed bearings reduce maintenance, labour costs, and downtime
- Meets or exceeds OEM specifications
- True North HDD offers a large variety of inventory to fit all makes & models

**We are proud to  
be the official  
distributor  
for CETCO in  
Manitoba &  
Saskatchewan!**

CETCO provides mud products for all makes and models of Directional Drills. CETCO is the leading supplier of Horizontal Directional Drilling Mud Products in North America. We stock the complete line of professional products that enhance the cost-effectiveness of directional drilling operations. These products help by controlling and improving Directional Drilling Fluid properties.

**Order today and have your  
CETCO products shipped right to  
your door!**

## Mud Products

Each and every mud product is supported by an experienced team of Mineral Technologies' field engineers and research scientists.

- HYDRAUL-EZ (NEW & IMPROVED)
- DRILL-TERGE
- CLAY CUTTER PRO
- INSTA-VIS DRY
- INSTA-VIS PLUS
- REL-PAC XTRA-LOW
- SUSPEND-IT

## Quad Power Polymer Drilling Products

Includes

- Power-Base
- Power-Clay
- Power-Sand
- Power-Terge

Quad Power polymer drilling products are a line of super-concentrated drilling fluids for short distance / small diameter HDD bores. The colour-coded polymer drilling system is easy to use and allows utility contractors to quickly and efficiently drill through various soil types.

# **BLACK CAT**

## *WEAR PARTS*

Their team of engineers have designed wear parts for all OEM brands of earthmoving equipment that stand up to the toughest demands. Their state of the art technology allows them to forge parts that are heat tested to meet your heavy-duty needs.

### **Available Wear Parts:**

- Bucket protection
- Dozer edges & accessories
- Direct replacement parts
- Edges & segments
- Load haul dump lip shroud
- Revolution shovel
- Snow plow attachments
- Wear accessories

### **Cast Dozer Blades**

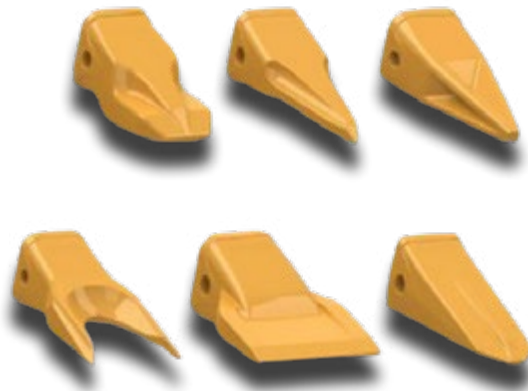

Black Cat Wear Parts manufactures a complete range of edges and end bits for all makes and models of dozers—from small utility class up to the latest mining series. Black Cat Wear Parts has the highest quality edges and end bits engineered for specific applications.

### **Black Cat Wear Parts' dozer cutting edges and end bits are available in:**

- Standard duty
- Heavy-duty
- Extra heavy-duty
- Custom
- Carbide impregnated

Black Cat also provides the highest quality hardware for your cutting edge hole type

# KONDEX<sup>®</sup>

## **Driving value to underground boring with their Drill Defender<sup>™</sup> bits and components**

### **Building it Better Below the Surface**

Ground-engaging construction equipment components were a natural progression for Kondex. Having built a reputation for strengthening high-wear products in other markets, applying the principles learned to the construction industry proved equally effective.

### **Drill Defender™**

The one thing that matters most to horizontal directional drilling contractors is their steering. This also happens to be the main benefit to Kondex's Drill Defender™ boring bits: prolonged steering and carving. Our enhanced underground boring bits feature our exclusive Tungstrong™ laser additive to maintain the leading edge of the bit.

### **Here are just a few benefits to demonstrate how Kondex is revolutionizing horizontal directional drilling:**

- Longer-maintained leading edge
- Prolonged steering
- More feet per day
- Greater impact resistance
- 2-4 times longer life

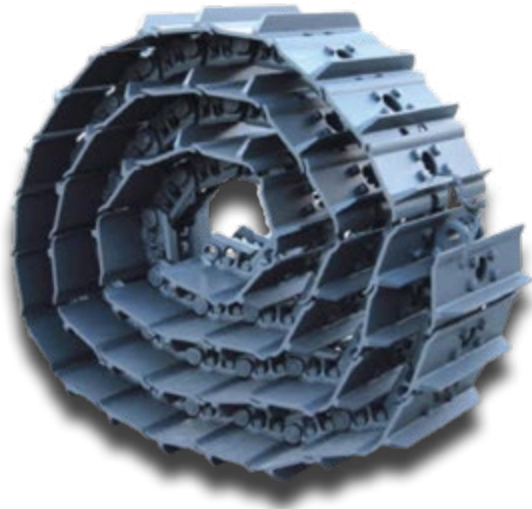

Gain greater job profitability by using boring bits that perform better, longer. Only Kondex Drill Defender™ boring bits feature a metallurgically bonded and patent-pending laser additive that protects the carbide inserts and/or leading edge of these high-wear parts — giving you better steering, longer life, greater efficiency, and higher job profitability!

**Since 1957,  
Trek has been a  
trusted leader,  
providing quality  
undercarriage  
parts at a  
competitive  
price.**

Trek's line of Excavator and Tractor parts are manufactured with strict quality control measures to assure 100% interchangeability with these of the original equipment manufacturer. Trek offers a written warranty unmatched by any other undercarriage distribution network in the aftermarket.

## Undercarriage Parts

Track Group Assemblies are built with Trek Track Chains developed with over 50 years of experience. Trek Track Chains are produced with state of the art technology in the process of forging, heat treatment and machining, with only the finest quality steel used, and providing heavy duty chain design and directly interchangeable with original equipment assembly.

## Crawler Tractor parts compatible with:

- Caterpillar®
- John Deere®
- Komatsu®
- Case®
- Hitachi®
- Kobelco®
- & More!

Trek's Track Chains, greased for excavators; sealed and lubricated for crawler tractors, in addition to a broad variety of grouser shoes; triple, double, single, heavy duty, extreme service, and highest grade track hardware, are built and available throughout Trek's distribution centers.
